Micro-Coax Names SherryAnn Petrakis to Sales Manager

Pottstown, PA - August 1, 2006: Micro-Coax, a leader in high performance coaxial cable and cable assemblies, announced that they have appointed SherryAnn Petrakis to the position of Sales Manager. SherryAnn will be responsible for growing sales at a national level and expanding Micro-Coax into new markets.

SherryAnn is a familiar face at Micro-Coax having recently worked as a Regional Sales Manager focusing on the Mid-Atlantic and Mid-West territories. She has been employed with Micro-Coax since 1997 serving as Account Representative, Account Manager, and Regional Sales Manager. SherryAnn brings nearly a decade of industry experience and sales expertise to her new role in Micro-Coax.

Since joining the organization, SherryAnn has established and strengthened relationships with leading industry customers. She will manage the sales activities of the national outside sales team, as well as having responsibility for training, developing and coaching territory managers throughout the United States.

About Micro-Coax:

Micro-Coax is a leading provider of transmission line solutions for radio frequency (RF) and microwave applications. Serving the defense, satellite, telecommunications, test and measurement markets for more than forty years, Micro-Coax has earned a reputation for mission performance and excellent customer service. A broad technology base allows Micro-Coax to quickly respond to customer needs with optimized solutions of coaxial cables, connectors, harness assemblies and conductive fibers.
