**Micro-Coax Welcomes Inside Sales Manager**

**Pottstown, PA - May 1, 2008:** Micro-Coax, a leader in high-performance coaxial cable and cable assemblies, welcomes, Jonevieve (Jonni) Salamone to the Inside Sales Team. Jonni will be responsible for managing the Inside Sales Team, as well as implementing new strategies to streamline current processes that will allow Micro-Coax to continue to drive optimum service to all of our customers.

Jonni brings seventeen years of team experience as well as proven leadership capabilities within sales and operations from her previous Industry.

Since joining the Inside Sales Team, Jonni has been working with each individual on the team, as well as each department leader within Micro-Coax, to gain an understanding of functional responsibilities. Time well spent with all of these individuals will assist Jonni in her efforts to organize the team to meet and exceed customer expectations.

**About Micro-Coax:**

Micro-Coax is a leading provider of transmission line solutions for radio frequency (RF) and microwave applications. Serving the defense, satellite, telecommunications, test and measurement markets for more than forty years, Micro-Coax has earned a reputation for mission performance and excellent customer service. A broad technology base allows Micro-Coax to quickly respond to customer needs with optimized solutions of coaxial cables, connectors, harness assemblies and conductive fibers.
